

#ChamberStrong

A Message from The North Branch Area Chamber of Commerce.

Hi. My name is Julia Gervais, the Executive Director for the North Branch Area Chamber of Commerce. The North Branch Area Chamber of Commerce provides support and resources to our areas local businesses. During the Covid-19 crisis, the North Branch Area Chamber is staying strong. We've remained open AND we are accepting new memberships. We are listening to our members and providing the information they need during this crucial time. In collaboration with local and state officials, we are doing our part to help our members. That means adjusting to the new realities of doing business and assisting others in doing the same.

Keeping our members connected is vital, so we've shifted our events (like our luncheon, team meetings and networking opportunities) to a virtual platform. In addition to staying connected, please support your local businesses and support the ongoing initiatives of the chamber.

We're adopting chamber strong to promote, help, and unite our business community. Support the movement by joining us, use #ChamberStrong, and share what you are doing to buy local and support your local businesses.

Thank you for doing your part to keep the North Branch area community healthy.

Sincerely,

Julia
